# NEW PROCESS CONFERENCE
APRIL 17 & 18, 2024 • LUFTHANSA SEEHEIM, GERMANY
PRACTICAL INSIGHTS • NEW EXPERIENCE • COMMUNITY & NETWORKING

BECOME A BARCAMP HOST!

Are you excited about sharing knowledge, fostering community engagement, providing practical insights, and getting instant feedback? If so, we invite you to become a host at our Barcamp session during the New Process Conference.

WHAT DOES HOSTING A BARCAMP SESSION ENTAIL?

- **Diverse Rooms & Flexible Timing:** As a host, you'll lead a session in one of the multiple rooms available, during 45 minutes of two slots.
- **Freedom to Design Your Session:** You can choose the format that best fits your topic, whether it's a Best Practice Club, an Expert Talk, a Discussion, or any other interactive content, from which your audience will benefit (so no Sales Pitch please! ;-))
- **Pitch & Plan:** Initially, you'll have the opportunity to pitch your session to the attendees at the beginning. This is your chance to attract participants who share your interests and enthusiasm.

WHY HOST A BARCAMP SESSION?

- **Direct Impact:** Make a real difference by engaging directly with like-minded people, sharing your expertise, and encouraging open dialogue.
- **Showcase Best Practices:** Share your experiences and practical knowledge with your audience and get direct feedback from BPM enthusiasts.
- **Tailored Content:** You have the creative freedom to design a session that highlights your unique perspective and expertise.

READY TO LEAD A SESSION?

If you're interested in hosting a session and contributing to a rich learning environment, please get in touch with us! Contact lina@newprocesslab.com for your registration and to get more details on how to become a session host.
